Hallowe'en Safety

Have fun tonight! Some reminders about safety:

1. Don't go trick or treating alone.
2. Be careful as you cross the street. Use the crosswalks. Trick or treat one side of the street at a time.
3. Wear reflective clothing, wear a headlamp, or bring a flashlight. It will be dark and we want everyone to see you.
4. Have someone check your treats before you eat them.
5. If you see a firecracker or any type of firework laying on the ground, do not pick it up. Let an adult know about it.
6. Have a tasty trick or treat night!
- 7.

Indoor Shoes

Now is the time to bring your indoor shoes. Wearing your boots outside is great, but not as much fun in gym class (it is hard to run in rubber boots) or inside the classroom (they are hot and cumbersome). Even if you aren't wearing boots to school, the field is muddy and wet this time of year and we don't want mud tracked all over our school especially the gym, your classroom and the music rooms. Thank you.

Time change

Clocks fall back this weekend. Be sure before you go to bed on Saturday night, November 5, 2016 that you turn your clock back one hour. One more hour of sleep!
